

**cleansafe
degreaser**

money saving concentrated formula

**compatible with all parts washing
tools and safe on all metal and
plastic surfaces; rust inhibiting
formula rinses off with water
without leaving residue**

**biodegradable, non-flammable,
and USDA approved**

**contains no chlorinated solvents,
benzenes or naptha**

16 fl. oz. (473mL)

DIRECTIONS FOR USE:

1. Mix degreaser with water by using ten parts water and one part degreaser for light duty cleaning; five to one is the ratio for chains and heavy grease build-up.
2. Soak parts no longer than 24 hours to allow grease and grime to loosen and then scrub, spray or wipe remaining debris from parts.
3. Rinse with water and dry with compressed air or a dry cloth.
4. Re-lubricate parts immediately.

WARNING

May be harmful if swallowed or inhaled.
Can cause eye and skin irritation.
Ingestion: Drink one or two glasses of water and call a physician. *Eye Contact:* Flush with water; if irritation persists get medical attention. *Skin Contact:* Wash with soap and water. *Inhalation:* Move to fresh air, and if burning persists call a physician.
