## installation

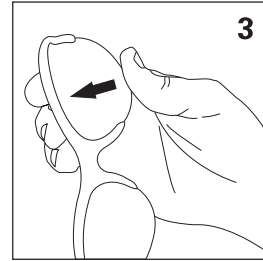

# Siren lens installation

**Step 1**  
Insert the outside corner of the lens into the frame at the temple.

**Step 2**  
Insert the inside corner of the lens into the frame groove near the bridge.

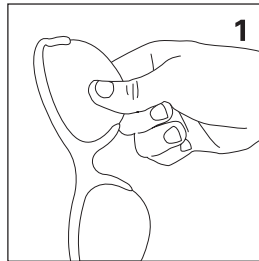

**Step 3**  
While holding the frame and lens, apply pressure to the lower edge of the lens until it snaps into the bridge.

## removal

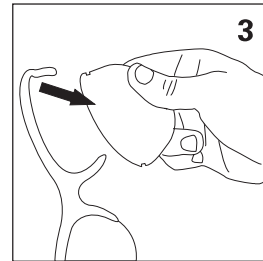

# Siren lens removal

**Step 1**  
Grip the inside corner of the lens near the bridge.

**Step 2**  
Pull down on the lens to release it from the frame.

**Step 3**  
The entire lens should come away from the frame.
