

# XPORT

## bikes aloft 2

***Thank you for your purchase of an XPORT™ Bikes Aloft 2 Bicycle Storage Rack.  
Please read the instructions carefully before assembly.***

### **⚠ CAUTION**

Misuse of this product may cause it to fall, resulting in personal injury and damage to the rack, your bicycles or other personal property. Ensure all bolts and knobs are tight before storing bicycles on rack. Use only on a level surface. Do not allow children to climb on the rack or to use the rack without adult supervision. This rack is designed to store two (2) bicycles; do not overload rack. Do not modify rack for any use other than bicycle storage.

## Parts List

Part	Part Code	Quantity
Angled Base Legs .....	A.....	2
Plastic Base Endcaps .....	B.....	4
Lower Support Uprights .....	C.....	2
Angled Support Braces .....	D.....	2
Lower Crossbar with threaded holes in ends.....	E.....	1
3" Bolts with Washers.....	F.....	4
1/2" Bolts with Washers.....	G.....	4
Top Support Upright.....	H.....	1
Bike Hanger Arms with Lock Knobs and Rubber Cradles.....	I.....	4

## Tools Required

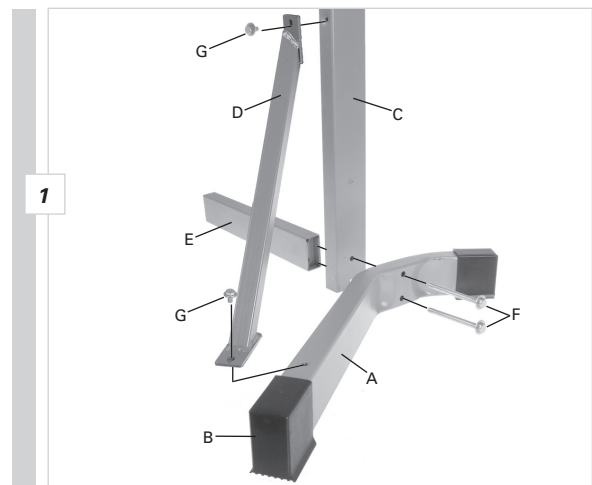

- Adjustable wrench or 10mm wrench

## Assembly

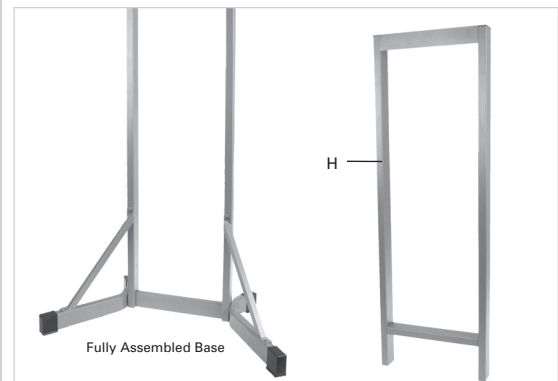

1. Assemble the base as shown in **Figure 1**.
2. Slide the top support upright (H) onto the assembled base as shown in **Figure 2**.
3. Install bike hanger arms (J) as shown in **Figure 3**. Bike hanger arms slide on sideways and rotate 90 degrees. Be sure the "V" of the rubber cradle is pointing up.
4. Tighten the knobs on the hanger arms securely before placing bicycles on the rack.

## Storing Bikes on Bikes Aloft 2

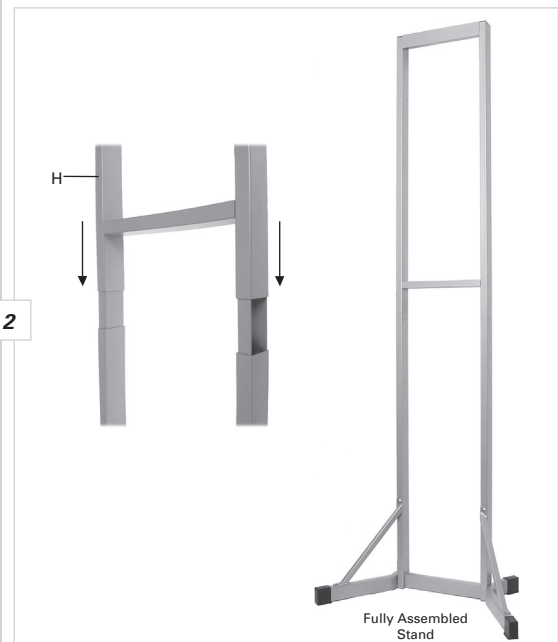

Carefully lift the bicycle and place the top tube of the bicycle frame into the "V" of the rubber cradles on each hanger arm. Be sure the bike is properly positioned and balanced before leaving it unattended. The hanger arms can be adjusted independently to accommodate any style of bicycle frame. Adjust the position of the hanger arms so that the front and rear wheels of each bicycle are parallel to the ground.
