

Made In Taiwan

IMPORTANT NOTES:
Exposed cable ends or other sharp items may pierce the fabric—clip, tape or bend them back.
Use the XPORT™ Bicycle Transport Cover on forward facing bicycles only.

road bicycle transport cover

XPORT

INSTRUCTIONS:
The XPORT™ bicycle cover is designed for use with fork mount type racks. Make sure you have the correct XPORT™ cover for either drop-style (road bike) or upright style (mountain bike) handlebars.
BEFORE PUTTING BIKE ON THE RACK:
1. Insert the front of the saddle into the seat pocket, then wrap the seat cover behind the saddle.
2. Wrap the wings around each handlebar. The Lycra® will stretch to fit around handlebars, brake levers, etc.
AFTER PUTTING BIKE ON THE RACK:
3. Pull the Velcro® straps firmly around the rack's crossbar support.
4. Attach the Velcro® straps.
WASHING INSTRUCTIONS:
Machine wash in warm or cold water with mild detergent. Use no bleach. Hang dry or tumble dry with no heat.

XPORT™

road bicycle transport cover

- Keeps bikes clean during transport
- Works with any road bicycle on a fork mount roof rack
- Machine washable
