XPORT™ xcess wheel kit

Adds rolling portability to your Xcess Cargo Box

PERFORMANCE

XPORT™ xcess wheel kit

Thank you for choosing the XPORT xcess wheel kit. This kit allows you easily to convert your XPORT xcess cargo box to a versatile rolling case.

The following parts are included with the xcess wheel kit:

Description	Qty.
Wheel Casters	2
Bolts	8
Flat Washers	8
Nuts	8
Rubber Caps	8

Tools required:

11mm (7/16") Open End or Adjustable Wrench

Drill and 1/8" Drill Bit

Phillips Screwdriver

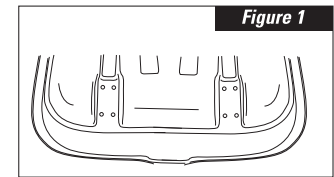

Figure 1

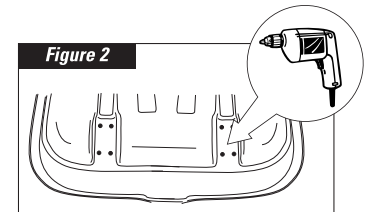

Figure 2

Assembly

1. Locate the four pre-marked hole locations for each wheel caster at the rear of the box tray (see **Figure 1**).
2. With a drill and 1/8" drill bit, drill 4 holes for each caster at the pre-marked hole locations (see **Figure 2**).

WARNING

Wear eye protection when drilling

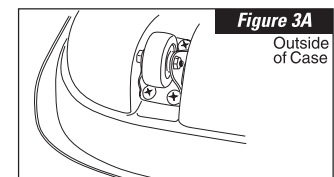

Figure 3A

Outside of Case

3. Align each caster with the holes drilled in step 2, and attach to box tray as indicated in **Figure 3A** and **3B**. With a Phillips screwdriver and 11mm (7/16") or adjustable wrench, tighten the nuts securely.

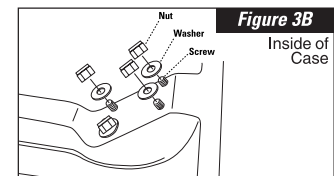

Figure 3B

Inside of Case

4. On the inside of the box tray, cover the exposed nuts with the supplied rubber caps (see **Figure 4**).
