IMPORTANT RECALL NOTICE

To: Customers

Performance, Inc. Announces Recall of **Performance Carve Pedals**

Performance, Inc., of Chapel Hill, NC, is voluntarily recalling the Performance Forte Carve Pedals, item # 50-3160, UPC: 400012428906. The defective pedals have weak spindles that can break during normal use. If this happens the rider could lose control of his bike and be injured. We have received no reports of accidents or injuries.

The Forte Carve Pedals were only sold through Performance Stores, via the Performance web site: www.performancebike.com/shop and through Performance catalog sales.

The potentially defective pedals were sold from **July 15, 2007** to **August 5, 2007** and they can be identified by the “**E7**” production lot code stamped on the pedal spindle flats (see photo below).

Consumers should **stop using the pedals immediately** and return them for replacement or refund. For refund, exchange or store credit, return them to the nearest Performance Store. Or for credit or exchange return to:

Performance Inc.
Attn: Returns Dept. (Carve Recall)
1 Performance Way
Chapel Hill, NC 27514.
